

## PEUGEOT SERVICE

# BENEFITS OF THE CIRCULAR ECONOMY

### REDUCE THE ENVIRONMENTAL IMPACT

Choosing parts from the circular economy contributes to save up to 80% in material and to save up to 50% in energy.

### REDUCE THE COST OF REPAIRS AND MAINTAIN YOUR VEHICLE RESALE VALUE

Parts are up to 50 % cheaper than equivalent new Original parts.

### QUALITY ASSURANCE

All parts are checked, tested, and approved by our experts. They come with a 1 year warranty just like new parts.

## CIRCULAR ECONOMY

# THE CIRCULAR ECONOMY OFFER

### RENOVATED PARTS

These parts have been refurbished according to the manufacturer's specifications. The majority of these parts are major mechanical components: engines, gearboxes, clutches but also electronic parts.

### REUSED PARTS

These parts have been recovered from end-of-life vehicles and their quality is «standard» or «premium».

### REPAIRED PARTS

Some parts of your vehicle, such as the audio system or the gearbox can be repaired. Our approved partner takes care of repairing them to full working order.

See details at the back
